Dear Sirs,

We are pleased to announce the availability of two new I-0 cables for the TWIN. These cables allow you to connect an I-0 device to the TWIN via the GPIO card.

The cables are one meter long terminated at one end with an edge connector, the other end is left open allowing you to use the plug of your choice.

| <u>Type number</u> | <u>12NC</u> | <u>Description</u> |
|--------------------|----------------|--------------------|
| 56706 | 9390 272 30602 | 26 core I-0 cable |
| 56707 | 9390 272 40602 | 50 core I-0 cable |

Yours sincerely,

p.o. N.V. Philips' Gloeilampenfabrieken
